DR. PAULA M. W. MUSUVA

Assistant Professor | Cybersecurity Researcher | Consultant

pmusuva[at]gmail[.]com | linkedin.com/in/pmusuva | orcid.org/0000-0002-2338-4313

PROFILE

Dr. Paula Musuva is an Assistant Professor of Information Systems at the United States International University – Africa (USIU-Africa), where she has served as full-time faculty for over 14 years. She is a recognized specialist in information security, cybercrime, digital forensics, and information systems audit, with more than 20 years of combined experience spanning academia, applied research, and industry consulting across Kenya, Uganda, Rwanda, Ethiopia, South Africa, and the United Kingdom. She is co-founder and Curriculum & Training Director of the Cyber Shujaa Program, one of East Africa's most impactful cybersecurity workforce-development initiatives, which has trained more than 5,200 youth from over 80 tertiary institutions, placed more than 60% of these graduates into decent employment, and achieved 46% women's participation. She is actively seeking research grant funding and consulting engagements in cybersecurity, digital forensics, and information systems audit and is keen to partner with institutions, funders, and organizations across the world.

CAREER HIGHLIGHTS

- **14+ years** of full-time academic leadership at USIU-Africa, spanning teaching, research supervision, and curriculum development in cybersecurity and information systems.
- **20+ peer-reviewed publications** in journals and conferences including Computers in Human Behavior, Education + Training, Mobile Information Systems, and the IST-Africa Conference series.
- **€200,000+ and $215,000+ in research and training grants** secured or co-secured, including a 12-year CIRI–Serianu research partnership and a £200,000 Challenge Fund for Youth Employment consortium grant.
- **5,000+ youth trained** through the Cyber Shujaa Program she co-founded, with 60%+ placed into decent employment and 46% women's participation.
- **21 graduate theses supervised** to completion (MSc/MSEC) and 5 PhD candidates currently under supervision in cybersecurity awareness, risk management, threat intelligence, and digital forensics.
- **60+ professional certifications** held and 15+ delivered as a certified instructor for IBM, Cisco, Microsoft, and EC-Council, training 500+ industry participants.

RESEARCH INTERESTS

- Information security, cybersecurity awareness, and social engineering / phishing susceptibility
- Digital forensics, incident response, playbooks development and cybercrime investigation
- Information systems audit and IT governance (COBIT, ISO 27000/31000, NIST CSF, ITIL)
- Data science, predictive analytics, and applied AI for cybersecurity and fraud detection
- Cybersecurity workforce development, curriculum design, and capacity building
- Youth empowerment, youth employment interventions, employability
- Impact evaluation, monitoring, evaluation and learning (MEL), evidence-based policy making

EDUCATION

2013 – 2019 **PhD Information Systems - University of Nairobi, Kenya**

Thesis: "A Multi-Dimensional Model for Determining Susceptibility to Unintentional Insider Threats: The Case of Social Engineering Through Phishing."

2007 – 2008 **MSc Network Systems (Distinction) - University of Sunderland, United Kingdom**

Thesis: "Network Uptime Monitoring for an ISDN Wide Area Network (WAN) Backup Link Using SNMP." Elected Student Representative for the MSc 2007 cohort.

2001 – 2005 **BSc Computer Science (First Class Honours) - Jomo Kenyatta University of Agric and Tech (JKUAT), Kenya**

Recipient of the Babaroa Trust Award for Academic Excellence.

2000 – 2001 **Diploma, Management of Information Systems (Distinction)-Institute of Management Specialists (IMIS)**

PROFESSIONAL EXPERIENCE

Sept 2011 – present **Assistant Professor, School of Science & Technology, USIU-Africa, Kenya**

- Taught 1,500+ students across degree programs in Information Security, Systems Audit, Cybercrime, Digital Forensics, and Programming (Python, C#).
- Pioneered university partnerships with Cisco, IBM, and EC-Council, establishing certification academies and research pipelines.
- Led development of the MSc Information Security (MSEC) and program reviews for the MSc Information Systems (MIST).
- Supervised 19+ MSc theses and currently supervises 4 PhD candidates in cybersecurity awareness, risk management, threat intelligence, and digital forensics.
- Built a 12-year Information & Cyber Security research partnership with Serianu Limited, producing the annual Kenya/Africa Cybersecurity Reports and securing research grants exceeding €200,000.
- Over 14 years developed skills in research grant writing, proposal development, project design, inception, monitoring, evaluation, reporting and learning.

Mar 2022 – present **Co-founder & Curriculum and Training Director, Cyber Shujaa Program, Kenya**

- Designed and accredited curricula for the Cyber Security Analyst, Cloud & Network Security, Data Protection, and Entrepreneurship tracks with the USIU-Africa University Senate.
- Leads a team of 6+ trainers, alumni, and industry professionals delivering training across 9 cohorts.
- Program has trained 5,000+ youth from 80+ tertiary institutions, with 60%+ placed into employment 46% women's participation.

Mar 2012 – Aug 2016 **Research Theme Leader, Information & Cyber Security, CIRI, USIU-Africa, Kenya**

- Pioneered and led the Information & Cyber Security research stream at USIU-Africa's Centre for Informatics Research and Innovation (CIRI), establishing the university's first dedicated cybersecurity research theme.
- Established academic-industry partnerships underpinning the EC-Council Academic Training Center (enabling delivery of the Certified Ethical Hacker program), the Cisco Networking Academy, and the IBM Cyber Security Specialist certification track.
- Co-launched the inaugural Kenya Cyber Security Report with Serianu Limited (2014), the founding edition of what became a 12-year research partnership producing the annual Kenya/Africa Cybersecurity Reports.
- Directed the TESPOK Cyber Usalama quarterly threat-reporting initiative and formalized a Memorandum of Understanding with Serianu Limited covering internship, educational, and scientific cooperation.

Jan 2017 – May 2021 **Board Member — Academic Relations; Director, Special Programs, ISACA Kenya Chapter**

- Doubled student membership and expanded strategic partnerships with USIU-Africa, Strathmore, JKUAT, Riara, University of Nairobi, and other institutions.
- Founded the ISACA inter-varsity bootcamp series, training 180+ students from 17 universities on CISA and CSX Fundamentals.
- Established the chapter's first One in Tech initiative advancing gender inclusion in governance, risk, and compliance.

Mar 2015 – Aug 2018 **Team Leader, Implementation, Training & Monitoring, Institutional Review Board, USIU-Africa**

- Developed Standard Operating Procedures enabling IRB establishment and accreditation.
- Trained faculty and the wider USIU-Africa community on IRB compliance procedures.
- Conducted ethical reviews of research proposals submitted by the USIU-Africa community.

Sept 2010 – Aug 2011 **Discovery Leadership Program, Mavuno Church, Kenya**

- Completed a year-long structured leadership-development sabbatical focused on purpose discovery, and servant leadership.
- Served in day-to-day church ministry operations, building skills in team coordination, community engagement, and pastoral care.
- Took part in cross-border mission trips to Kitsangani and Kigali (Rwanda), strengthening cross-cultural ministry.

Feb 2010 – Sept 2010 **Senior Consultant, Deloitte East Africa, Kenya**

- Led IT transformation for Tuskys Supermarket, integrating network infrastructure and advanced security controls.
- Guided design of an integrated fraud-detection and policy-management database for the Association of Kenya Insurers (AKI).
- Contributed to the strategic ICT review of the National Hospital Insurance Fund (NHIF).

Nov 2008 – Jan 2010 **Team Leader, Service Management Center, Seven Seas Technologies, Kenya**

- Led a 10+ engineer team delivering ITIL-compliant service-desk operations for clients including Safaricom, KACC, IDRC, and NSSF.
- Established remote infrastructure monitoring using HP BTO and open-source tools (Nagios, GroundWork, Hyperic HQ).
- Provided presales support — developing proposals, assembling delivery teams, and presenting SMC service-portfolio solutions — winning and retaining support contracts across telecoms, government, and development-sector clients.

Aug 2007 ITIL Process Administrator, Dairy Farmers of Britain, United Kingdom

- Documented ITIL-aligned service processes in support of the department's service-management maturity goals.
- Configured and upgraded the INFRA8 service desk application to support a service-desk upgrade project.
- Trained process managers and process agents on the new tool and assisted in administering key ITIL processes.

May 2005 – Dec 2006 Network & Security Engineer, Seven Seas Technologies, Kenya

- Delivered network and security projects across Kenya, Uganda, Rwanda, and Ethiopia, including firewall/VPN deployments and ISO17799/BS7799-based security policy development.
- Delivered flagship engagements including a Cisco PIX 515E firewall cluster and VPN for BAT Rwanda, a security policy development project for Celtel Uganda, and enterprise network, server/storage consolidation projects for Safaricom Kenya.
- Named Employee of the Year for exemplary performance in a male-dominated engineering team.

TECHNICAL SKILLS

- Security Audit & Testing: penetration testing and audit tooling (Nmap, Recon-ng, Wireshark, Metasploit, Aircrack-ng); ITIL-based service management; secure network design and Cisco device configuration.
- Digital Forensics: Forensic Tool Kit (FTK), ProDiscover, Autopsy, Sleuth Kit; malware analysis using Sandbox and REMnux.
- Data Science & Analytics: Python, R, MATLAB, SmartPLS, SPSS, AMOS, IBM Watson; structural equation modelling.
- Systems Analysis & Development: user-centred analysis and design (flowcharts, DFD, ERD, context diagrams, UML); application development in Python, Java, C, C++, Visual Basic, XHTML, CSS, and PHP.
- Databases & Platforms: Hadoop Big Data ecosystem, MS SQL Server, MySQL; Microsoft and UNIX/Linux administration.

HONORS, AWARDS & DISTINCTIONS

- UK Foreign & Commonwealth Office, Women in Cyber Fellowship, 2020.
- UN General Assembly (UNGA) First Committee Open-Ended Working Group (OEWG) on ICTs in the Context of International Security, 2019–2020.
- German Academic Exchange Service (DAAD) In-Country PhD Scholarship, 2014 and 2015.
- ISACA Gold Professional Member, since 2014; ISACA member since 2012.
- Founding Member, Kenya Chapter of The Honeynet Project, 2012.
- Kenyan Representative Delegate, ITU Telecom World 2003, Geneva;
- Youth Representative, World Summit on the Information Society (WSIS), 2003.
- Babaroa Trust Award for Academic Excellence, JKUAT, 2001–2004.
- Employee of the Year 2006, Seven Seas Technologies.
- Elected Student Representative, MSc 2007 cohort, University of Sunderland.
- Climbed Mt. Kenya to Point Lenana (16,354 ft / 4,985 m).

GRANTS & FUNDED PROJECTS

- **Cyber Shujaa Program:** Challenge Fund for Youth Employment (CFYE): £200,000, 4-year matched consortium grant with Serianu Limited, USIU-Africa, and Kenya Bankers Association. Role: Co-founder & Curriculum/Training Director.
- **SWIFT Institute / Global Business School Network Case Grants**: 3 awards of $5,000 each ($15,000 total): Comparative Cybersecurity Risk Minimization Best Practices; Cybersecurity Risks and National Policy Implications; Options for Kenyan Banks Cybersecurity Risk Management.
- **Serianu Research**: Research over a 12-year partnership, producing the Annual Cybersecurity Reports.

SELECTED CONSULTING ENGAGEMENTS

- *Feb 2023 – Feb 2024:* **Tatua Digital Resilience Centre Project** by Kenya ICT Action Network (KICTANet): Developed a digital resilience strategy framework, policy manual, incident-response playbooks, and assessment scorecard for 150+ social justice organizations in East Africa; facilitated 3 trainings for board and executive leaders.
- *Dec 2022 - Apr 2023:* **Women in Cyber Project** by Standard Chartered Bank: Produced video-based cybersecurity curriculum and mentored women in telecoms and consulting careers.
- *Mar - July 2022:* **Cyber Hygiene Curriculum Development** by Kenya ICT Action Network (KICTANet) and UK FCDO: Authored a 5-chapter curriculum and training-of-trainers program delivered to 200+ participants.
- *Nov 2015 – Dec 2017:* **Information Security Policy Development** with Kenya Ministry of ICT): Developed governance-wide information security policies for public sector Ministries, Departments and Agencies covering access management, incident handling, and data protection.

CERTIFICATIONS

Holds 60+ professional certifications and badges (verifiable at credly.com/users/pmusuva), including:

- UN Cyber Diplomacy and Negotiations (UNITAR)
- DIES/CREST PostGraduate Diploma - Supervisors of Doctoral Candidates at African Universities
- Enterprise Design Thinking Practitioner
- Certified Information Systems Auditor (CISA)
- Certified Ethical Hacker (CEH)
- Certified Data Privacy Solutions Engineer (CDPSE)
- API Penetration Testing
- Cisco: Certified Security Professional (CCSP); Certified Design Associate (CCDA); Certified Network Associate (CCNA)
- Microsoft Certified Cloud (AZ900), Security Operations Analyst (SC200), Security Engineer (AZ500), AI Engineer (AI102), DevOps and GitHub
- IBM Security Intelligence Specialist; IBM Security Operations Analyst; IBM Cybersecurity Practitioner
- IBM Artificial Intelligence Analyst / Engineer; IBM Data Science Practitioner; IBM Predictive Analytics (SPSS Modeler); IBM Business Intelligence Analyst
- Certified Instructor for IBM 15+ certifications, Cisco, Microsoft Certified Educator, and Certified EC-Council Instructor (CEH trainer since 2014).

4. Kenya Cyber Security Report 2015: Achieving Enterprise Cyber Resilience Through Situational Awareness;
5. Kenya Cyber Security Report 2014: Rethinking Cyber Security.

Thesis Monographs

1. Musuva, P. M. W. (2019). A Multi-Dimensional Model for Determining Susceptibility to Unintentional Insider Threats; The Case of Social Engineering Through Phishing (Doctoral Thesis). University of Nairobi, Kenya.
2. Musuva, P. M. W. (2008). Network Uptime Monitoring for an ISDN Wide Area Network (WAN) Backup Link Using SNMP (MSc Thesis). University of Sunderland, United Kingdom.

TEACHING

Taught 1,500+ students in USIU-Africa degree programs specifically in:

1. Information Technology and Cybercrime
2. Computer Forensics and Investigations
3. Forensic Accounting and Fraud Investigations
4. Information Systems Audit
5. Penetration Testing
6. IT Security Incident Handling
7. Information Systems Security
8. Cloud Computing and Virtualization
9. Network Security and Management
10. Computer Networks and Telecommunications
11. Client/Server and Distributed Systems

12. Operating Systems
13. Fundamentals of Programming Languages (Python and C#)

Trained 500+ participants in industry certifications as a certified instructor for IBM, Cisco, Microsoft, and EC-Council, including:

1. Microsoft Certified Educator (MCE) trainer since 2023.
2. Microsoft Africa Development Center (ADC) Faculty Mentor, 2021.
3. Certified EC-Council Instructor (CEI) and Certified Ethical Hacker (CEH) trainer since 2014.
4. IBM trainer for Cloud Application Developer since 2021; IBM Artificial Intelligence trainer 2019; IBM Big Data Engineer trainer 2019; IBM Blockchain trainer 2018; IBM Predictive Analytics trainer 2017; IBM Security Intelligence trainer 2016; IBM Application Security trainer 2015.
5. Serianu Cyber Immersion Program (SCIP) trainer since 2016.
6. Instructor, Kenya National Cyber Security Training Program (NCSTP), 3 cohorts since 2019.

STUDENT ADVISING

Doctoral

Currently supervising 5 PhD candidates in cybersecurity awareness, risk management, threat intelligence, and digital forensics.

1. Jack Odunga. "Bridging the Digital Divide: Diversity-Oriented Multi-Theoretical Framework for Public Wi-Fi Implementation, Adoption, and Effectiveness in Kenya."
2. Kenneth Kithinji. "Generative Artificial Intelligence Model for Tacit Knowledge Management for Small and Medium Enterprises in Kenya."
